Proceedings of the Government of His Highness
the Maharaja of Mysore.

Read.-

The Resolution of the Special Finance Committee, recommending the abolition of the Explosives Branch of the Department of Mines, resulting in an annual savings of Rs. 12,000/-.

Order No. I.C. 6306-66/Geol. 88-21-1

Dated, Bangalore, the 27th June 1923.

The appointment of Inspector of Explosives was first created in 1900 in Government Notification No. 173-G. dated 5th October 1900 under which the State Geologist, Dr. Smeeth, was appointed Chief Inspector of Explosives in addition to his other duties. In 1905 Mr. A.P. Setlur, Asst Geologist was appointed Inspector of Explosives to work under the Chief Inspector. When the Geological Department was reorganised in 1915, Mr. Setlur was appointed inspector of Explosives and Deputy Inspector of Mines. In September 1919 when the Mining Branch of the Department of Mines and Geology was separated from the Geological Branch, the Explosives section was placed under the administrative control of the Chief Inspector of Mines under Government Order No. G. ~~7041/Geol~~.7041-7100/Geol.69-18-11 dated the 18th September 1919. The Inspector of Explosives was under this order divested of his duties of Deputy Inspector of Mines. In September 1920 a Probationer was appointed with a view to his being appointed as Assistant Inspector of Explosives after a period of probation of two years. After the re-organisation of the Department of Mines and Geology in 1919, the Inspector of Explosives was given a small establishment consisting of one clerk, one Duffedar and three peons costing Rs. 828/- per annum under Government Order No. G. 9393-7/Geol. 35-20-2 dated 15th November 1920.

2. The Question regarding the continuance of the Explosives Branch was considered by the Special Finance Committee. The Committee recommends that the separate Explosives Section may be abolished and the work done by the Inspector of Explosives at present entrusted to the Chief Inspector of Mines and his subordinates. These Proposals will result in a saving of Rs.12,000/- per annum.

3. After a careful consideration of the question, Government are pleased to accept the recommendation of the Special Finance Committee The Inspections required to be carried out in accordance with the provisions of the Explosives Regulation are being attended to by the District Magistrates and the magazines which were hitherto being inspected by the Inspector of Explosives can well be looked after by the Chief Inspector of Mines as the magazines are mostly located within the area of the Kolar Gold Fields at which the Chief Inspector of Mines has his Head Quarters. The office of the Inspector of Explosives may therefore be abolished and the present officer, Mr. A. T. Setlur, retired on a compensation pension. The probationer appointed in 1920 and the office staff sanctioned to the Explosives Section will also be dealt with under Articles 293 and 301 of the Mysore Service Regulations, if they cannot be provided for ~~xxxxx~~ otherwise.

For Secretary to Government,
General Department.

Geol 88-21-2

D.O.No. 1685 *Dated Oorgaum,* 28th June 1922.

Immediate

Dear Sir,

With reference to G.O.No.I.C.6306-66/Geol. 88-21-1, dated 27-6-1922, passing orders on the abolition of the Explosives Branch of the Department of Mines and Explosives, I request you to kindly let me know the exact procedure that has to be adopted to carry out the orders of Government, and also whether, under Article 301 clause 2 M.S.R., the abolition of the Explosives Branch takes place after the expiry of three months (no notice having yet been given to the officers concerned) so as to permit and give time for the necessary arrangements to be carried out.

Yours sincerely,

H. Bocquet.

S. Hiriannaiya, Esq., M.A., B.L.,
Secretary to the Government of
His Highness the Maharaja of Mysore,
General Department, Bangalore.
